

01 May 2025

Mandatory eLearn for MTS Protection Officers Level 2 / 4 and BEL Operator Roles

Additional mandatory eLearn will be added to the MTS Protection Officer Level 2, MTS Protection Officer Level 4 and MTS BEL Operator roles on 12 May 2025.

These changes are non-material and administrative amendments to Rail Safety Rules, Procedures, Forms and Glossary previously advised to stakeholders on the 3rd March 2025.

The eLearn will be hosted in RIW for contractors that hold an active MTS Protection Officer Level 2 or Level 4 and MTS BEL Operator role.

The eLearn will be assigned to you through your RIW learning platform to the email address that is assigned to your RIW profile.

There will be a grace period for eLearn completion prior to the mandatory requirements being added to the above roles on Monday 12th May 2025.

All contractors that have not completed the mandatory requirement by the 12th May will result in their MTS Protection Officer and or BEL Operator role becoming inactive.

Thank you.
