

High-Vis Vests for RIW Champions

Network operators and large employers may wish to designate an employee as their 'RIW Champion'. The champion should be someone who can help their colleagues during the transition to new smartcards and new system. Metro Trains Australia has a limited number of high-vis vests available for these champions, which they can wear with pride to let their colleagues know they are supported in the workplace. If you would like a high-vis vest for your champion, just email their name, email address, postal address and vest size to info@riw.net.au
