National Operator Roles Matrix

Role examples (A-Z)

NOTE: These are to be used as a guide only. If you are unsure which role applied to you, please seek clarification from the operator with whom you propose to work as to what role is required for your intended duties. It is the individual's responsibility to ensure that the appropriate role is held before work is carried out.

It is important to also note that the specific Operator role must be selected after a National role is selected, if the combination of roles is not selected you will not be able to undertake work for the rail operator you are working for at the time.

Role	Examples
Operator Role - ARTC, MTM, TfNSW, QR, V/Line, DPTI	A Rail Operator is responsible for the operational aspects of the relevant rail network. They hold the rail accreditation under Rail Safety National Law which includes ensuring all rail safety aspects are met. Rail Operator Role's are specific to the Rail Operator's requirements and are to be selected for the specific rail operator the person is working for. It is to be selected along with the relevant role aligned to the work the person is undertaking. For example MTM Operator is selected with the Rail Labourer National role if this is the work being undertaken by the person.

National Operator Roles Matrix

Currency Requirements

NOTE: These are to be used as a guide only. If you are unsure which currency period applies to you, please seek clarification from the operator with whom you propose to work. It is the individual's responsibility to ensure that the appropriate currency is held before work is carried out.

Operator	Competencies with currency	Currency Timeframes
ARTC	ARTC National Contractor Induction	5 years
DPTI	DPTI Rail Commissioner Safety Induction DPTI Rail Safety Induction Employee Letter	3 years
